

*Go Beyond Smart*

### ENHANCED LIFESTYLE

Lights will automatically turn on & off depending on movement detection in the rooms. This saves energy & makes living more comfortable.

### SECURITY & SURVEILLANCE

Secure your premises & get alerts on intrusion can be integrated with 3rd party security devices.

### ENERGY SAVINGS & MANAGEMENT

Track your daily, monthly or annual consumption. Optimize your electric /water usage and save up to 50% on energy bills.

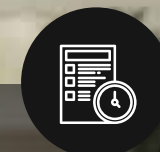

### TUNE TO YOUR MOODS

Change room lighting & temperature for different occasions based on pre-defined logics.

### HEALTHY LIVING

Reduce Carbon footprint with automated purification system and contribute towards creation of green environment.

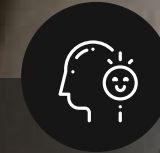

### ENHANCED PRODUCTIVITY

Get priority tasks automated and get them finished much faster.

### REMOTE ACCESS

Use your phone or computer to control/track your home or change temperature.

### PEACE OF MIND

No More "Oh I left my Iron/geyser on!". Your smart home switches turn off specific sockets once you leave home. Or you can check and switch off the same sockets from your mobile.

## ABOUT US

Hogar Controls is a global IoT company with a design-first approach delivering powerful smart solutions for Homes, Corporate offices, Hospitality, Buildings & Communities. With a worldwide sales, service & support network, an extensive experience in designing smart home solutions for over a decade, we have redefined the industry time and again. Our customized, region specific product lines ensure our all new smart spaces (Homes, Offices) solutions are designed around your needs.

**Comfort | Convenience | Ease of Use**
